"Follow your heart as long as you live and do not do more than it is demanded. Do not shorten the time of leisure, for it is a horror for your Ka if you do not listen to the voice of the heart. Do not waste the day through exaggerated worry for your house. Whatever happens, follow your heart. the things do not prosper better if you neglect it."

The Maxims of Ptahhotep

"Horus has become akh with you in your identity of the Akhet from which Ra emerges, and inside you arms in your identity of the one inside the palace."

"Atum Beetle! You became high, as the hill; you rose as the benben in the Benben Enclosure in Heliopolis. You sneezed Shu and spat Tefnut. You put your arms around them as ka-arms so that your ka might be in them.

Atum, put your arms around Pepi Neferkare as ka-arms, so that the ka of Pepi Neferkare might be in it, firm for the course of eternity.

Ho, Atum! May you extend protection over this Pepi Neferkare, over this his pyramid and this work of Pepi Neferkare, and prevent anything bad from happening to it for the course of eternity, like you extended protection over Shu and Tefnut."

"Pepi has come to you, father; Pepi has come to you, Geb. May you give your arm to this Pepi, that this Pepi may go up to the sky, to his mother Nut. Pepi is that one [who] came [in] search of your son Osiris and found him placed on his side. The Dual Ennead was the one who argued for Seth against him, but his [father] Geb said millions of magic spells [to them] and the Dual Ennead put the savior before him, for the Dual Ennead could not find his next in line."

"You have been given to your mother Nut in her identity of the burial place, she has collected you in her identity of the burial chamber, and you have been elevated to her in her identity of the tomb's superstructure."

"You have been given to your mother Nut in her identity of the sarcophagus."

"You have been born, Horus, to Osiris, but have become more ba than he, more in control than he.

You have been born, Seth, to Geb, but have become more ba than he, more in control than he."

"Has Seth slurped from you beside your two sisters who love you, Isis and Nephthys? They will support you, so that you will not pass; they will service you, so that you will not pass away."

"Ho, Big Ennead in Heliopolis—Atum, Shu, Tefnut, Geb, Nut, Osiris, Isis, Seth, and

Nephthys, Atum's children! His heart was stretched for, his children, in your identity of the Nine Bows."

"Ho, Pepi! You are the big star that is Orion's companion, who travels the sky with Orion and rows the Duat with Osiris."

"Orion has become encircled by the Duat, as the Living One became clean in the Akhet; Sothis has become encircled by the Duat, as the Living One became clean in the Akhet: This Unis has become encircled by the Duat, as the Living One became clean in the Akhet.

He has become akh for them, he has grown cool for them, inside the arms of his father, inside the arms of Atum."

"When you go forth to the sky, the sky shall give you birth like Orion. You shall take control of your body and save yourself from your opponent."

"Orion is his brother, Sothis is his sister, and he will sit between them in this world forever."

"Nut, as you became effective and took control in your mother Tefnut's belly before you were born, may you join Pepi, and he will not die.

Your heart took control as you moved in your mother's belly in your identity of Nut.

You are the daughter who took control in her mother, having appeared as a bee. May you akhify this Pepi inside you, and he will not die.

A great thing has happened in the sky, for you have taken control, become powerful, and filled every place with your beauty. The entire land is under you, for you have acquired it. You have encircled the land and everything within your arms, and have placed this Pepi as an Imperishable Star that is in you."

"Ho, Neith! You have not really died, but have really come to life amongst them, the imperishable akhs."

"Unis will go up on Isis's thighs, Unis will climb on Nephthys's thighs. Unis's father Atum will take the arm of Unis and allot Unis to those gods who are wise and experienced, the Imperishable Stars."

"....Nut has given birth to you on Nephthys's thighs."

"Your sister Isis is the one who has found you on your mother's thighs, and she shall suckle you and not wean [you]."

Ancient Egyptian Pyramid Texts

"Now sense says that man and woman are separate. Why? Because it says there is more than one substance. Man is woman and woman is man. We have been leaving so-called man out of the question more or less. We cannot do that. Man is to be redeemed through

the woman thought and visibly expressed, else it is not Science. Everything means something. Keep that closely with you. We have perceived, brought out, woman somewhat, but where is man? Now man is woman in reality and I shall lift you up, man, just as far as in my consciousness I can bring my manhood to light. We must find our manhood and through this, man will be taught to find womanhood; they will be proven one. The way I do, is this. I look about me and see what I am calling man. What do I see? I see crippled, sick, sensual and low types. I see an atmosphere of tobacco and liquor, all forms of pleasure. I say to myself, 'This is what I have been accepting as man'. I find that same state more or less of my thought of woman. I cannot stand any longer on my pinnacle of 'I am better than thou', but I must come into the valley and see what I have been calling my manhood and my womanhood; all this is my consciousness.

Then I begin to look up to Science and hear what it tells me man and woman are, and I go to work to purify myself from the wrong concept. I cut myself off from every person's thought in every way, never allowing myself a moment in their thought unless to help. But I go on purifying myself of a false concept and when help comes from me to another, it is because I have brought out my manhood and womanhood."

"...when *manhood comes to me*, I can truly live because I see I am *one with him*. Every sense of repulsion is making a reality of whatever it may be. Man cannot be separated from woman and we must visibly manifest it now, or we shall never reach the ultimate. Woman has to learn that she needs, and in reality has, her manhood and that is in Spirit. Then she must come down and carry the illumination of the star there and bring up her manhood."
